

FLOORE

Elegant, ergonomic ultra-low hotel-style medical beds,
REF. COF58439BTD

The **FLOORE** ultra-low electric medical bed has been specially designed for **long stay care facilities such as retirement and nursing homes**. It is particularly well suited to **rest homes looking for premium equipment to meet demanding quality and aesthetic standards**. The FLOORE has become a true reference in the "high-end" bed market due to **its elegant design, robustness, numerous features and ergonomics**. With a **23 cm low position**, it aims to improve patient autonomy and the comfort of healthcare staff.

Technical specifications

HEIGHT ADJUSTMENT

LIFTING COLUMN < SPECIFIC TO FLOORE, VISIONA >

- The design with electric actuators integrated into the columns allows totally free access underneath the bed, improving the work of the staff and enabling productivity gains.

FUNCTIONS

MULTIFUNCTIONAL

- Variable height / Backrest (with autoregression) / Footrest (knee break) / TR/ATR / Cardiac chair position

BED BASE

- 5 removable slats made of recycled ABS
- (optional) Compact laminate flat bed base

(optional) SIDE RAILS

- 3 concepts: half-length rails, 3/4-length rails, or full-length rails.

HEAD AND FOOTBOARDS

- Customisable: wide selection of laminates and varnished solid woods < SPECIFIC TO FLOORE >

ACCESSORY ANCHORS

- 4 for drip holder
- 2 for hand control pendant holder (at the head of the bed)
- 4 for trapeze bar holder (at the head & foot of the bed)

WALL BUMPERS

- Aluminium wall bumpers (supplied) are easily screwed into the headboard

CPR

- The emergency bed flat function can be quickly activated using 2 easily accessible bilateral handles

FRAME

Space under the bed totally clear < SPECIFIC TO FLOORE, VISIONA >

- The height adjustment system allows completely unobstructed access underneath the bed

CONTROLS

- Intuitive wired hand control pendant (included), with the option to disable certain functions
- (optional) Integrated caregiver FRONT PANEL accessible to healthcare personnel at all times

EXTENSION

- Integrated in the foot of the bed with mattress extension rest (easy access and tool-free setup)

BRAKES

- Semi-centralised, bilateral at the head/foot of the bed

CASTORS

- Swivel castors (360°), dual wheel, diam. 50 mm
- Encased as standard for a "non-medical" look
