

# TML5 Mixed, Laminate

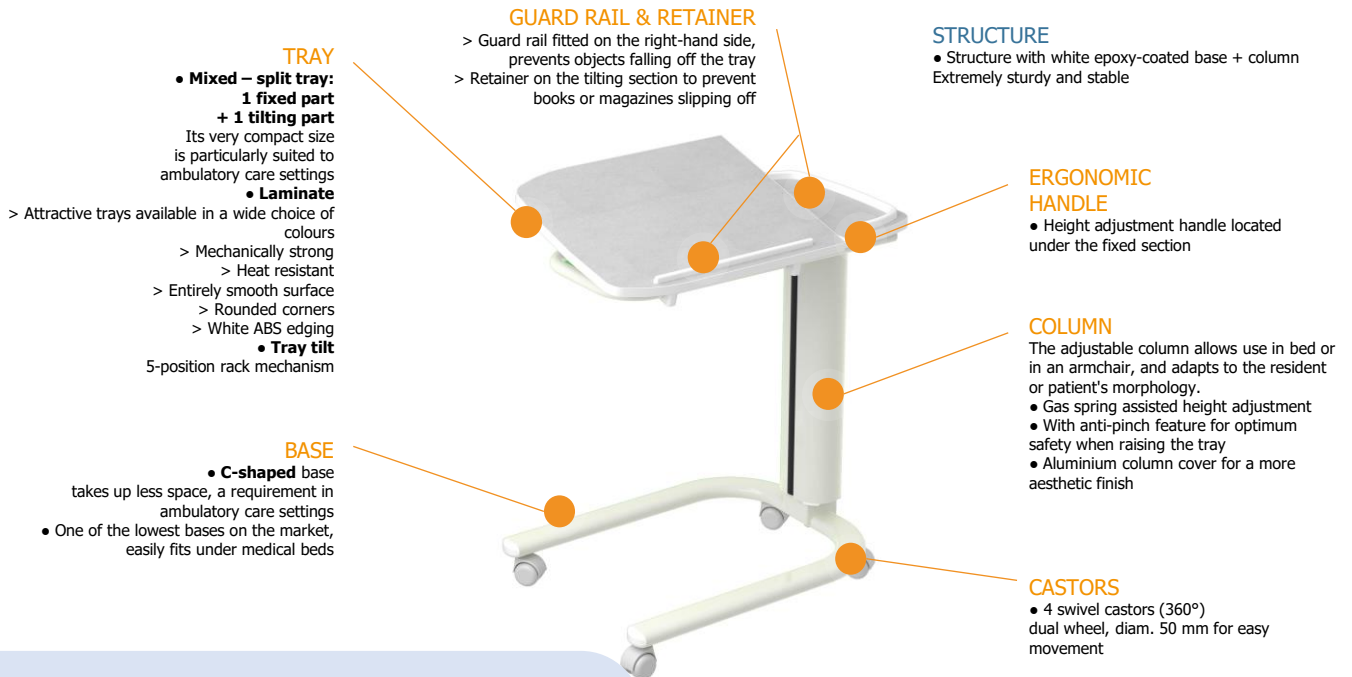

Overbed table / C-shaped base, mixed split laminate tray

REF. GHTML5DF-S (supplied assembled, also available in kit form: see options)

The **TML5** overbed tables have been specially designed for ambulatory care setting and feature a smaller base to take up less space. The **GHTML5PF-C** version consists of a **C-shaped (ambulatory care) base** and a **mechanically strong "mixed" split laminate tray** (one part fixed, one part tilting) **available in wide choice of colours**. AHF manufactures and offers its customers a wide range of tray types and materials (laminated, polymer and compact laminate), as well as different customisations. Our design department is also on hand to create bespoke versions to your specifications.

## Technical specifications

## Technical data
